Gary Mascher, B.S , M.Ed. of the Augusta Spiritualist Church, is a medium and a third generation Spiritualist. He has a Bachelor's degree in Occupational Therapy and a Master's in Education.

The purpose of this presentation is to bridge the gap between Religion / Spirituality and Science. Quantum theory has classical features that enhance the understanding of Spiritualist practices. Quantum theory opens the door by exploring the world / universe from a sub-atomic level. This begins at the level of what we currently understand in relationship to vibration and energy.
